

2024 ACTIVITIES

REPORT ON THE WIVADEV YEARLY TRAINING PROGRAM, JULY 2024.

Every end of academic year, WIVADEV organizes a retreat for her tuition and shelter scholars, administrators, and volunteers. This 2024 program was a three in one phase event. Spiritual Retreat, Self and Leadership Boot Camp, Skills Training (Adding Skills to Values- AS2V). The sessions were tailored towards refreshing, evaluation, relaxation, and empowerment.

Besides the personal-development and leadership courses, there were sessions of spiritual rejuvenation and skills acquisition where they learnt soap production, fragrance and oil perfumes, yogurt, and fascinators. The participants at the end of the event expressed profound gratitude to the WIVADEV staff and administration for the sacrifice as they paid nothing to learn everything they got.

At the end, the participants were well rounded and suited to surmount the pressures and empowered to be financially productive as they prepare for the upcoming academic year.
